President's Report: Secretary' Report: The reunion held on the 4th December was well attended with 52 supporters and veterans attending. The NSW RSL President Rod White presented our diggers with their life membership and those who were unable to attend have now received theirs.

Rod White congratulated the battalion on its contribution during wartime and outstanding honour of our members in the defence of freedom. He also commended the foresight of the committee in encouraging the descendants to be part of the support group.

Mark Edwell our historian was presented with a certificate of appreciation for maintaining our memorabilia and our museum.

On a sadder note:

The support group was formed 21 years ago and the president at that time is still the president today so as a tribute to his service Clyde Parsons was also presented with life membership to the battalion. Clyde informed the members of the reunion that he was tendering his resignation. He will remain a member of the support group and give assistance whenever possible.

After 31 years of marching alongside the members of the battalion and 6 years as secretary it was not an easy decision to make and with a lot of thought I also tendered by resignation as secretary at this reunion. I will still remain a member of the support group.
